N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 15th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, at *their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by competent authority as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any railway company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical schools, the Commissioner will be compelled to recommend to the authority concerned the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examinations invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not

[4] For Free-hand Outline Drawing (Elementary and Intermediate grades), Design (Elementary grade), Geometrical Drawing (Elementary and Intermediate grades) and Painting (Elementary grade).

be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink :—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms to that they reach the Commissioner's office on or before the 31st August, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates on the mufassal should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in the Native States of Mysore, Hyderabad, Travancore and Cochin should obtain them from the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambakam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government treasury or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fees be received in the Commissioner's office, who has sent no work or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other "certified works" that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Nungambakam, Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications.* The post-card should bear the sender's address only and no other writing. Such post-cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their fathers' names and their house names *distinctly* and in *full* in their applications and give their *address in full* also; if "Other Hindus", they should state in column 3 of their applications whether they are "Non Brahman Caste Hindus" or "Panchamas." Applications which are irregular or defective in any particular will not be taken notice of.

NOTE.—The occupation or profession of candidates, or the appointments held by them should invariably be stated—unfail—in column 10 of their applications.

16. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fee, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary proceed, at their own expense beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary) where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under "Drawing, etc.," will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up for more than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.*

CONDITIONS APPLICABLE TO ARRACK SHOP AND DEPOT LICENCES.

1. The privilege extends only to the sale of country spirits of 60° U.P.

2. Spirits shall be purchased only from the Samalkota distillery or from a wholesale depot established by the contract supplier or by a private person with the contract supplier's consent. The spirits will be coloured. The prices to be charged per gallon at the distillery and wholesale depots are given below :—

3. All consignments of liquor issued to depots or shops from distilleries or warehouses shall be sealed by the officer in charge of the distillery or warehouse at the cost of the distiller or warehouse-keeper. Consignments of liquor from depots to shops shall be securely sealed by the depotkeeper at his cost. For the transport of liquor issued from distilleries, warehouses and wholesale depots, arrack shopkeepers should provide themselves with jars or other receptacles that can be effectively closed and sealed; and the officer in charge of the distillery or warehouse or the depotkeeper should refuse to issue liquor in receptacles which cannot be so closed and sealed. The contract suppliers and wholesale depotkeepers are bound to sell to all persons licensed to purchase from them on payment of the

value in legal tender. Depot and shopkeepers shall be entitled to have issued to them from the distillery or warehouse in the order of their applications and with all reasonable despatch any spirit which they are licensed to sell at any of the prescribed strengths. Shopkeepers are entitled to obtain liquor from a distillery or warehouse even if there is a wholesale depot in the same place. Supplies to shops shall, however, be subject to the provisions as to sources of supply given in the table attached to condition 2.

4. The quantities purchased at one time shall not fall below the following minima :—

Persons purchasing.	From a distillery.	From wholesale depots.
Independent shopkeepers	6 gallons	½ a gallon.
Wholesale depotkeepers	8 gallons	6 gallons.

5. The prices to be charged by distillers are in addition to the excise duty the rate of which is Rs. 0-14-0 per gallon of 60° U.P.

6. The duty on spirits purchased from the contract supplier's distillery must be prepaid into a Government Treasury unless the contract supplier has an advance account with the treasury, in which case the duty may be paid to him up to the limit of the balance in his favour in that account. The cost price of spirits purchased should be paid to the contract supplier.

7. In the case of purchases from wholesale depots the excise duty must be paid to the depotkeeper with the cost price.

8. Shopkeepers shall have no interest in arrack wholesale depots.

II. SPECIAL CONDITIONS APPLICABLE TO ARRACK WHOLESALE DEPOT LICENCES.

1. Each cask in a depot shall have its capacity legibly cut, branded or painted on it. The licensee will be responsible for the correctness of such marks. The contents of casks of 80 gallons and upwards must be marked to the nearest half gallon, those of smaller ones to the nearest quarter gallon.

2. No consignments of spirits received at depots from the distillery shall be opened before they have been gauged and proved by an authorized Government Officer. In the case of consignments received from depots, the depotkeepers are required to verify the consignments on receipt and carefully enter the result of the verification in their accounts.

3. Each depot must be furnished with a hydrometer of such pattern as may be prescribed by the Commissioner of Salt, Abkari and Separate Revenue, a thermometer and a bung rod. Bung-rods, and, if required, hydrometers and thermometers also will be supplied by the department on payment of the cost.

4. Wholesale depotkeepers shall obtain their supplies of liquor only from the distillery or warehouse established by the contract supplier in the contract area or from other wholesale depots in the same area, as shown in column 2 of the table in condition 2 of the conditions applicable to arrack shop and depot licences.

5. Spirits shall be sold only to licensed vendors in the agency tracts.

6. Wholesale depotkeepers shall send letters of advice to the Sub-Inspector of the range in which the shop is situated, whenever a consignment is issued to a shop in a different range from the depot. Letters of advice relating to shops in the same range as the depot shall invariably be written up by the depotkeeper at the time of writing the permit and either sent to the Sub-Inspector or handed over to him when he next inspects the depot.

7. A wastage allowance up to 3 per cent on the quantity advised in each cask received at the depot will be allowed to wholesale depotkeepers who should submit to the Inspector of the circle in which the depot is situated a statement showing (i) the number of the casks received at the depot, (ii) the quantity advised in each cask, (iii) the quantity entitured, and (iv) the wastage ascertained in each cask. The statement should be submitted not later than the 5th of the month following that to which it relates. All cases of wastage in excess of the 3 per cent limit will be dealt with by Collectors at their discretion, by a fine not exceeding double the duty payable on the excess wastage. Only one cask should be kept open at a time for issue. Depotkeepers should show clearly in their account books the cask from which each consignment or part of a consignment is issued.

8. Depotkeepers are required to seal all consignments of liquor issued to shops at their own cost. Collectors may require that a portion of each supply from a depot to a shop shall be so sealed bottles. The depotkeepers shall use a private seal, an impression of which shall be made not only on the jars or other receptacles in which liquor is issued, but also on the permits issued with the consignments. All depotkeepers will be required at the beginning of the year to furnish the Inspector of the circle within which their depot is situated with a clear impression of the seal to be used and will not be permitted to change the seal during the year.

7. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licences granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

8. Toddy may be imported from His Exalted Highness the Nizam's Dominions for sale in toddy shops in the Bellary district on payment of a duty of two and a half annas per gallon.

9. Toddy shopkeepers in British districts adjoining Mysore, Banganapalle and Pudukkottai will be allowed to tap trees in those States on payment of tree-tax into British treasuries in the case of Mysore and Banganapalle and into the State treasury in the case of Pudukkottai.
